Capt. T. W. Hardeman, the newly appointed postmaster at Covington, is a relative of the President's wife.

The man arrested at Lamy N. M., for W. H. Pope, the Louisville defaulter, turned out to be somebody else and Pope is still at large.

Theodore Thomas, the musician, will be married to Miss Rose Fay, of Chicago, on the 12th of May. He is a widower of 54 and Miss Fay is 30.

Wm. Reynolds died at Pine Hill, near Mt. Vernon, Ky., this week aged 111 years. He had used tobacco and liquor moderately for one hundred years.

Charlie Kincaid, who shot and killed Taulbee, has been admitted to bail in the sum of \$20,000, a ter spending several weeks in the Washington jail. His trial will probably come off in May.

Chairman Alford has called a meeting of the State Democratic committee at Frankfort to-morrow to provide for the nomination of candidates in the Second Appellate Court district and in three Superior Court districts.

Wm. Goode, the seventy-sixth victim of the tornado, had just died from his wounds in Louisville. He was crushed in the ill-fated Falls City Hall. He was being initiated into the K. of H. lodge when the building fell and in thirty minutes would have been a member and insured for \$2,000. As it was his wife gets nothing from the order.

There was absolutely no truth in the report of trouble in Harlan county between the soldiers and the outlaws. The men returned home the first of the week and not one of them was even sick. They were much amused when they learned at Pineville of their reported battle. The colossal liar who sent out the canard has not yet been discovered.

The New York World now denies that Mr. Cleveland used the abusive language concerning Editor Dana, attributed to him in its interview. It is rather undignified for an ex-President to lose his temper, but nobody would blame Mr. Cleveland much if he would not only give his cranky old nemesis a gentle "cussing," but go a step further and kick his pants.

The Democratic County Committee of Hopkins county met and investigated the question of fraud in the late primary. The result was that the Earlington poll book was held to illegal and a new election was ordered for June 7 for the offices of clerk and sheriff. John Adams, for clerk, and Sam Headley, for sheriff, were nominated by the questionable votes. The decision of the committee is satisfactory to all of the interested parties.

The Best Result.

Every ingredient employed in producing Hood's Sarsaparilla is strictly pure and is the best of the kind it is possible to buy. All the roots and herbs are carefully selected, personally examined, and only the best retained. So that from the time of purchase until Hood's Sarsaparilla is prepared, everything is carefully watched with a view to attaining the best result. Why don't you try it?

Gov. Buckner is to have opposition in his candidacy for delegate from Hart county. The Glasgow Times says: "Mr. H. W. Curle is announced in to-day's Times as a candidate for delegate to the Constitutional Convention from Hart county. Mr. Curle is a bright young lawyer, and one of the very cleverest of gentlemen personally. He will make a fine race, and, if chosen for the place, an entirely creditable representative."

For years the editor of the Burlington Junction, (Mo.) Post, has been subject to cramp colic or fits of indigestion, which prostrated him for several hours and unfitted him for business two or three days. For the year he has been using Chamberlain's Colic, Cholera and Diarrhoea Remedy whenever occasion required, and it has invariably given him prompt relief. 25 and 50 cent bottles for sale by Buckner Leavelle.

LEGISLATIVE MATTERS.

Among the bills passed by the House this week were the following:
To punish trespass upon enclosures in Hopkins and Christian counties.
To amend the charter of the Hopkinsville & Cadiz Railroad company, which had previously passed the Senate.

To amend the charter of Princeton. To change the time for holding quarterly court in Caldwell county. To charter the Owensboro & Madisonville Railroad.

To amend an act to incorporate an institution of learning in Cadiz. To amend an act to establish a system of Public schools in Hopkinsville for white children.

After a lengthy delay Gov. Buckner has sent to the Senate the nominations of Dr. B. W. Stone and Jos. C. Buckner to be Superintendent and Steward of the Western Asylum for four years from April, 1899. Hunter Wood was also nominated to fill the vacancy he now fills by appointment.

Dan O'Sullivan's bill to force the street cars of Louisville to put on conductors was killed in the Senate by being referred to a committee opposed to it. Senator Hays, who is generally on the wrong side, was against the bill.

The Senate has passed the bill giving the Louisville gas company the right to manufacture electricity.

The Senate has passed a bill providing for two cavalry companies to be added to the State militia.

The Louisville Times' correspondent says: "The bill to raise the salary of the Common Pleas Judge in Christian county, is hung up in the House on the objection of Mr. Clark, the Representative from Christian. Mr. Clark is getting his revenge for the passage of the Christian county Registration bill against his wish." The bill came up in the orders of the day Wednesday and the House refused to reconsider the amendment that killed the bill to require the county of Christian to pay the increase of salary.

The amended anti-trust bill passed the House Wednesday.

The Governor vetoed two more bills Tuesday. One was the Newport Electric Light Co's and the other the Muhlenberg coal Co's.

Mr. Kremer has introduced a bill to incorporate the Commercial Travelers' Benevolent Society of America.

Mr. Brown has introduced a bill to require counties to pay \$15 each for supporting their own pauper idiots.

Mr. May proposes to civilize Knott county by making it a prohibition county without submitting the question to a vote of the people.

Mr. Blackerby has proposed an appropriation of \$20,000 to get up a State exhibit for the World's Fair.

There is more Catarrh in this section of the country than all other diseases put together and until the last few years it was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly upon the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

Capt. Couch, the original Oklahoma boomer, was killed last week by J. C. Adams, in a dispute over a claim near Oklahoma City. Couch was in the territory when the lands were opened to settlement and was one of the first to stake off a choice claim. Adams charged him with being a "sooner" and occupied the same section. They had been rowing over the matter for a year and at last got into the trouble that terminated fatally for Couch. Adams was from Springfield, Ill.

The medical fraternity, backed up by carefully compiled statistics, is almost a unit in declaring that a moderate use of stimulants conduces to long life. It is also admitted that old whiskey is by far the best stimulant that can be used. Leading physicians recommend the I. W. Harper Whiskey, because it is pure, possesses of a superior flavor and bouquet, and is not offered for sale until it is old and thoroughly matured.

Sole agents, Edmundson & Long, Hopkinsville, Ky.

Lippincott's Magazine is showing remarkable enterprise in securing all the greatest novelists at home and abroad to contribute to its pages. The May number contains a novelette by Bret Harte entitled "A Sappho of Green Springs." That Mr. Harte's residence abroad has not dulled his genius for depicting Western scenes and character is abundantly proven by his latest story, which is one of the brightest and cleverest products of his brilliant pen.

CHAMBERLAIN'S Eye and Skin Ointment. A certain cure for Chronic Sore Eyes, Tetters, Salt Rheum, Scald Head, Old Chronic Sores, Fever Sores, Eczema, Itch, Psoriasis, Scabies, Nipples and Piles. It is cooling and soothing. Hundreds of cases have been cured by it after all other treatment had failed. 25 and 50 cent boxes for sale by Buckner Leavelle.

THE CRAFT.

Mr. Jas. R. Marrs, formerly of the Danville Advocate has started the Central Record, at Lancaster, the first number of which appeared last week. Mr. Marrs is an old newspaper man. He quit the business to accept the office of postmaster at Danville under the Cleveland administration and the fraternity will be glad to welcome him back to the ranks.

Speaking of the Presidency of the Press Association, what good reason can be urged against the promotion of the present Vice-President, Urey Woodson, when Col. Johnson retires? He is not as old as some gentlemen who have been mentioned, but he has had a pencil behind his ear for fifteen years and is one of the representative journalists of the State. It was mainly through his efforts that the last meeting was so successful and he is entitled to this honor.

Editor T. B. Wilson, of the Grayson Gazette, says he will be a candidate for delegate to the constitutional convention unless a better man proposes to run from his county. This means that Bro. Wilson is already out, if his bump of self-esteem is properly developed.

W. P. Campbell, assistant enrolling clerk of the House, has forwarded a challenge to fight a duel to T. A. Davis, editor of the Maysville Republican, for an insult published in Davis' paper. Campbell is evidently heavily loaded and warns Davis that he will kill him on sight if he fails to accept the challenge. Campbell formerly edited a paper at Augusta, Ky. Davis is postmaster at Maysville and of course cannot accept the challenge without disqualifying himself to hold office. The offensive article charged Campbell with being a dead beat. Developments are awaited.

To Dispel Colds.

Headaches and Fevers, to cleanse the system effectually, yet gently, when active or bilious, or when the blood is impure or sluggish, to permanently cure habitual constipation, to awaken the kidneys and liver to a healthy activity without irritating or weakening them, use Syrup of Figs.

Mr. John D. Shaw, of Cadiz, has withdrawn from the race for Clerk of the Court of Appeals. Mr. Shaw is well qualified for the duties of this office, is a good Democrat and a clever gentleman, but the duties of his present office kept him from making an active canvass and he came to the conclusion that success was not for him this time. This leaves Western Kentucky with but one candidate and relieves Christian county of the embarrassing necessity of choosing between two good men and near neighbors. Mr. Shaw's withdrawal will greatly strengthen Col. Pore's chances and will almost certainly make him lead on the first ballot. Martin, Madden, Longmore and Adams are the other candidates.

E. M. Thomas Mfg. Co.

I have often thought I would write and thank you for the wonderful Vitalia Capsules. I have been a great sufferer from dyspepsia and indigestion for twenty-three years. No one knows how much I have suffered. I could eat but the most delicate of food; nothing seemed to assimilate. About three months ago I read your little book, I at once bought one box of your soft capsules, and after taking the first dose I felt like another person I was so relieved. The Vitalia Capsules with the Vitalia Liver Pills, are the best remedies for dyspepsia and liver troubles I have ever used. I feel safe in saying that if I continue to take the medicine and act prudently they will effect a permanent cure. MRS. J. B. ERWIN, 817 S. Summer St., Nashville, Tenn. (Wife of Dr. Erwin, pastor of Elm Street Church.)

My wife has found more relief from your Vitalia than from any remedy she has ever taken. I assure you of my own gratitude for so valuable a medicine. J. B. ERWIN, D. D. For sale by Rogers & Elgin, Hopkinsville, and McReynolds & Co., Clarksville.

DR. GALVIN.

Heretofore Arthur Wallace has "stood in" with the Louisville press and his prominence in the Legislature is largely due to this fact. Now the papers are all down on him, on account of the amendment he tacked on to the Louisville park bill, requiring the bill to be voted on before it takes effect, and he is catching some rather rough criticism on all sides. But the chances are that Wallace will down all his critics and carry his point in the end.

CREAM OF NEWS.

A Texas Cyclone.

Kyle, Texas, was struck by a cyclone and demolished Tuesday night. Houses were blown down, stock killed and things generally smashed to pieces. No lives were lost.

Perkins Pulled.

Henry Perkins, col., who shot and killed Charles Cross, also colored, near Trenton, in 1887, was captured in Texas Monday. He will be brought back to Elkhorn for trial at once.

Perkins has a brother, who is now in the Todd county jail also charged with murder.

Lost a Leg.

F. P. Johnson, brakeman on a local freight train, fell from a car Monday night near Crofton and had his ankle so badly crushed that amputation was necessary. Dr. J. B. Jackson performed the operation Tuesday. Mr. Johnson has a family at Earlington dependent upon his daily labor for their support. His misfortune deprives him of the ability to earn a livelihood.

The County Union.

The Christian County Farmers' and Laborers' Union will meet in county convention in this city to-day and in session two days. There are now Unions in nearly every section of the county and the membership of the order is upwards of 2,000. All of the Unions are expected to have delegates present and much work of importance to the order will be transacted. Secretary Coyner has made arrangements for the entertainment of the delegates by the citizens. Delegates upon their arrival will be assigned to homes and given a card of introduction to their entertainers. The sessions of the Union will be held at the Court House.

Breaking Everywhere.

The Mississippi levees are no longer able to stand the floods which have lasted for three months and are giving away all along the lower banks. There are nine breaks below the mouth of Red River, and the sugar belt is doomed to the worst overflow since 1874. On the east side similar breaks have flooded portions of five parishes. At Bayou Sara, La., nine gaps are open on the Pointe Coupee front and the situation in the southwestern parishes is terrible. The people have been driven out and their possessions swept away. Nine miles above Baton Rouge the breaks are beyond control and fifteen plantations are under water. One young man was drowned while escaping in a skiff. The breaks at Pointe Coupee will inundate 700 square miles of territory. Much damage is also being done below Vidalia, Miss., and at other points. The rains still continue to fall in the South and the already swollen streams are constantly rising higher. The devastation is certain to bring on a serious condition of affairs. The crop season has arrived and the plantations are ten feet under water. Stock have been drowned, fences swept away and houses destroyed. And the worst has not yet come.

Hood's Sarsaparilla is on the flood tide of popularity, which position it has reached by its own intrinsic, undoubted merit.

DEATHS.

Miss Bernice Hale, daughter of Mrs. Emeline Hale, of Kirkmansville, died at her home last Sunday night, aged 17 years. She was a most estimable young lady, a favorite with all who knew her.

Mrs. Fannie Trice, relict of the late W. H. Trice, died of consumption at her home in this city on the 21st inst. She leaves a grown son, a married daughter and two smaller children. Her body was taken to Trenton for interment.

Mr. Bigelow has retired from the laundry firm of Metcalfe & Bigelow. During his brief residence in this city he has made many friends who would regret to see him leave Hopkinsville. It is to be hoped he may find some business opening to his taste and still remain with us.

An old darkey was given a sentence of 60 days in the Madisonville jail early in the year for violating the revenue laws. He petitioned for pardon from the President. The pardon was received a few days since but too late to do him any good. He had served out his term and was at liberty before the good news reached him.

At the recent meeting of the Presbytery of Muhlenberg, at Bowling Green, our fellow-townsmen, Thomas Green, Sr., of the Ninth Street Presbyterian Church, was elected principal delegate to attend the meeting of the General Assembly, which holds its session this year at Asheville, N. C. An honor most worthily bestowed.

Collector Feland's assignments for the next sixty days have been announced. The Christian county men have been located as follows: H. A. Moore, to Daviess county distillery; Gus Breathitt, to John Hanning No. 11; Thos. H. Major, to Glenmore Co. No. 24; Jno. W. Postell, col., to C. L. Applegate & Co., No. 7; E. W. Glass, col., to Clark & Martin, No. 55; V. M. Meacham to McGlothlin, Crafton & Co., No. 81.

The company which has been playing at the Opera House all this week is a very deserving one and has been presenting some strong pieces in a most satisfactory manner. Mr. Hoey, Mr. Southern, and Misses Newcomb and Price are all capable and well trained artists and the entire support is above the average. The weather has been unfavorable part of the week, but the company has played to increasing houses and to-night, to-morrow afternoon and to-morrow night they should be given houses in accordance with their deserts. Hazel Kirke is the play for to-night. For Saturday's matinee, "Ten Nights in a Bar Room." Remember popular prices prevail. Only 10 and 20 cents.

THAT BIG FEE.

The Attorneys Grab It Quick when the Court is Re-convened.

The Extra Session Next Wednesday.

Judge Winfree on Wednesday, in response to a petition from 256 voters and taxpayers, issued a call for a special session of the Court of Claims to give the full court an opportunity to vote upon the \$5,000 donation to the L. & N. attorneys.

When it became known that the court was to be re-assembled and the absentees given a chance to vote on the job, the resident members of the late firm of Feland, Stites & Feland held a consultation and came to the conclusion that a \$5,000 bird in the hand is worth a bird and a half in the bush or in a Court of Claims with its eyes open. In other words they decided to reconsider their determination not to accept less than \$7,500 and at once went to the Clerk's office and had the order copied. This was presented to the Sheriff. Of course it was not paid as it must come out of the present levy and will not be available for months. This step was taken to legalize the matter and place it beyond the power of the Court to rescind the order.

Mr. H. J. Stites was seen yesterday and explained his reasons for accepting what he regarded as a small fee. It would have been an expensive, troublesome and slow process to take the matter through the courts and they thought best to accept the appropriation. He laughed at the idea of not getting the money. "It is now," said he, "beyond the power of the Court of Claims to act on the matter and the meeting Wednesday can amount to nothing. It is now a question between us and the sheriff. If he fails to pay the order, we will simply get out a mandamus and make him pay it."

This seems to be about the size of it. About all the meeting next week can do will be to give the absentees a chance to go on the record; also to settle the charge that they were "tricked" into leaving, thereby making it possible to get the job through.

This big appropriation and the increase in county taxes, while not connected, are being taken together, and some vigorous howls of disapproval are being heard, and all of them are not in town either. One of the maddest men we have seen was from Longview, and in fact indignant taxpayers can be found all over the county.

As we have before remarked, \$5,000 is quite a large sum to throw at the birds.

Letter From Rev. J. T. Barrow.

SWEETWATER, TENN., April 19.—I see that the Baptist church has extended a unanimous call to Charles Harris Nash, of Bardonia. I know Bro. Nash and think him a good man, a good preacher, good mixer and I feel sure will make you a good pastor. I congratulate the church and hope for genuine co-operation and enlarged prosperity.

I am pleasantly located in a convenient and well arranged parsonage. My household goods arrived in good time and condition, and the people manifested thoughtfulness in providing for our wants. We have a kind, earnest, warm-hearted people. Our church here is taking on new energy, congregation largely increased, and Sunday School growing both in numbers and interest. We are getting pretty well organized for work. Have had accessions and several are now approved for baptism and I hope soon to use our baptistry. I think, numerically considered, church and Sunday School have improved 40 to 50 per cent.

There is at present quite a religious interest in the town.

Sweetwater is located on the East Tenn. Va. & Ga. Railroad, a road which does a vast deal of business. 6 passenger trains daily, some of them carrying nine or ten coaches. We have in all, I think, about thirty trains per day.

Sweetwater, though not the county seat, being located in a corner of the county, is the best town of Monroe county and the heaviest shipping point between Chattanooga and Knoxville.

This is a fertile and well-cultivated valley, rich waving wheat fields, luxuriant clover pastures, where mild-weathered, fine short-horned and the large holsteins revel in nature's riches.

He who comes here expecting to find himself woefully mistaken. Perhaps ordination is not so general here, at least in more retired country neighborhoods as in our highly favored Southern Kentucky, but I find keen wit, splendid mental power, and not a few well cultivated heads and hearts. We are well pleased with the cultivated little town.

J. T. BARROW.
